Are you a local governmental entity or other eligible sponsor?

Yes

No

Have you previously received Transportation Alternatives Program funds?

Yes

No

If yes, what was the project?

Project Information

Title

Please provide a brief (no more than 3 sentences) project summary.

Project Location

Please provide in detail the project's location. Provide map as pdf attachment, if applicable.

Statement of the Problem

Please provide a detailed problem description.

Identify solutions and actions proposed by this project.

Project Categories Eligible for Funding

Check **ONE** category that most applies to the project:

- Construction of facilities for pedestrians, bicyclists, and other non-motorized forms of transportation.
- Construction of safe routes for non-drivers to access daily needs, safe routes to school.
- Conversion and use of abandoned railroad corridors for trails for pedestrians, bicyclists, or other non-motorized users.
- Construction of turnouts, overlooks, and viewing areas.
- Inventory, control, or removal of outdoor advertising.
- Historic preservation and rehabilitation of historic transportation facilities.
- Vegetation management practices in transportation rights-of-way.
- Archaeological activities relating to impacts from implementation of a transportation project.
- Stormwater management, control and water pollution prevention or abatement related to highway construction.
- Reduction in vehicle-caused wildlife mortality or to restore and maintain connectivity among terrestrial/aquatic habitats.
- Bicycle and pedestrian education (grades K-8 only).

Project Activities

Please check the type of activities that apply to your project. Check all that apply.

Sidewalks, walkways, or curb ramps

Archaeological activities

Crosswalks

Stormwater detention and sediment basins

Bike lanes

Stream channel stabilization

Wide paved shoulders

Stream clean-ups

Off-road trails

Wildlife mortality mitigation

Bike/pedestrian bridges or underpasses

Lighting

Bike parking or bus racks

Other (please describe below)

Pedestrian and bicycle signals

Gateway activities

Traffic-calming techniques

Landscaping and other scenic enhancements

Rail-trails

Greenway related

Scenic turnouts, overlooks, or viewing areas

Waterfront related

Historic preservation of transportation facilities

Vegetation management practices

Safety-related infrastructure

Project Status

Please check the statement that best describes the current status of your project:

Still in the initial planning stage.

Plan finalized to PennDOT standards, seeking funding.

* *If so, has PennDOT reviewed the plans?* Yes No

Ready to begin pre-construction work.

Some pre-construction work done.

Final planning, design finished and waiting for municipal or local approval.

All pre-construction activities completed and approved, only need funds for construction.

Construction already begun, need additional funding to complete or expand the project.

Project Management

Please check the statement that best describes the current management of your project:

Managed by municipal staff.

Seeking a project manager.

Have a paid project manager.

Other (Please describe. Also mention if you have retained an engineer that is familiar with PennDOT design standards.)

Project Application Questions

List any pending or potential public or private development activities and how they will impact this proposal: Outline any known development activities and explain the stakeholder coordination and communication effort, as well as, any known opposition.

Describe how any planned or scheduled projects (Federal, State, Local, Private) may impact this proposal: Outline any known projects and explain the stakeholder coordination and communication effort, as well as, any known opposition.

Describe any potential impact on environmental features, or public controversy on environmental grounds: Outline any known impact on the environment and explain any avoidance or mitigation opportunities. Explain any stakeholder coordination and communication used to determine avoidance or mitigation opportunities, as well as, any known opposition.

Describe any needed or acquired temporary or permanent easements of Right-of-Way:

Integration of land use and transportation decision making. Does the project fit the community character and context? Does the proposed project design match the place (rural, suburban, town/village/urban neighborhood, town center, urban core)? Would the project fit with existing and planned land use?

Safety always and maybe safety only. Does the project address a demonstrated safety need? Is there a history of crashes or near misses, especially involving pedestrians and cyclists? Does the project propose to improve a section deemed as a Hazardous Walking Route by PennDOT?

Success Factor. Is there sufficient support to see this project through to fruition? Does the sponsor have demonstrated success in delivering PennDOT projects? Is there a project champion or regional support to keep the project on track? Are design funds available now?

Land Use Planning

- Is the project consistent with or identified in a municipal or regional comprehensive plan? Yes No
- Is the project consistent with or identified in a county/municipal/local greenway/trail/bicycle/pedestrian plan? Yes No
- Is the project consistent with the county comprehensive plan or any of its functional elements? Yes No
- Does the project have support of local community? Yes No
- Is the project part of multi-phased project? Yes No
- Has the project been identified in a study as a solution to a transportation problem? Yes No

Please provide documentation of how the project is consistent or has been identified in the previous mentioned plans.

Which plan(s)?

Alternative Transportation or Activity

Will this project or activity enhance mobility or promote tourism? Yes No

If yes, please explain.

Readdress Plan Implementation

Provide the number of months required to complete each task.

Example: *Environmental Clearance - 3 months. If a task has been completed, please answer "Yes" and provide information on who performed the work (Consulting Engineer, Architect, etc.) in the "Who performed the work?" section.*

If a task has NOT been completed, please answer "No" and provide the number of months and/or years required to complete each task.

Is the Federal/State Issued Environmental Clearance Completed? Yes No

If "Yes", who performed the work? If "No", number of months and/or years required for completion?

Is Design Completed? Yes No

If "Yes", who performed the work? If "No", number of months and/or years required for completion?

Is the Federal/State Right-of-Way Clearance Completed? Yes No

If "Yes", who performed the work? If "No", number of months and/or years required for completion?

Is the Federal/State Utility Clearance Completed? Yes No

If "Yes", who performed the work? If "No", number of months and/or years required for completion?

Construction Implementation:

Please provide an estimated time of completion:

Years

Project Costs

The Transportation Alternatives Program will fund only the construction and construction inspection costs of submitted projects.

Pre-construction costs are the responsibility of the applicant.

Please complete the funding information below for all phases.

Activities	Total Project Costs	Local Share	Federal Share
Design	<input type="text"/>	<input type="text"/>	
Environmental Clearance (Estimate 20% of Design)	<input type="text"/>	<input type="text"/>	
Right-of-way Acquisition	<input type="text"/>	<input type="text"/>	
Utility Relocation	<input type="text"/>	<input type="text"/>	
Construction	<input type="text"/>	<input type="text"/>	<input type="text"/>
Inspection (Estimate 15% of Construction)	<input type="text"/>	<input type="text"/>	<input type="text"/>
TOTAL PROJECT COST	<input type="text"/>	<input type="text"/>	<input type="text"/>

Local Share of Project Costs

The information below must show the sources from which your required local funding share will be obtained.

In this section, please list all local funding you currently have secured:

Source of funding currently available	Amount
TOTAL LOCAL FUNDING SHARE SECURED	

In this section, please list all local funding you have applied for:

Source of funding applied for	Anticipated Date of Announcement	Amount
TOTAL LOCAL FUNDING APPLIED FOR		

Project Maintenance Requirement

Please provide a general description of the maintenance that will be required for this project. Include how often each activity will occur, if there are adequate resources available to maintain the project after completion, the long term entity to be responsible for maintenance, term of the maintenance agreement and anticipated annual maintenance costs.

Ownership and Maintenance

By submitting, I certify that I am the responsible person for the agency that will own and maintain the project after it is completed.

Please check if the applicant is also responsible for maintenance.

Terms and Conditions

Application Status

Project Title

By checking the boxes below, as a project sponsor, I and my associates, understand and accept that:

This is a reimbursement program, not a grant program, and that no money will be provided up front.

We will comply with all Federal Aid Highway requirements. Failure to comply with any and all of these requirements may result in the disapproval or termination of a previously approved project; and, if the project is already underway, we will be obligated to refund all funding dispersed on the project to date.

We are responsible for advancing the project, not the YAMPO or PennDOT. However, the YAMPO and PennDOT are available to assist with these processes.

All of the individuals and entities listed on the application are aware that they are being included in the project listed on the application and agree to their assigned roles, as required.

We agree to enter into an agreement prepared by PennDOT that, among other things, sets forth the terms and conditions governing the performance of the project, disbursement of funding, and our financial obligations as sponsor and provides for maintenance of the completed project improvements.

We certify that the affirmations contained in this Application are true and correct to the best of Applicant's knowledge, information and belief; and that this verification is made subject to the penalties of 18 Pa. C.S. § 4904, relating to unsworn falsification to authorities.

I AGREE TO THESE TERMS AND CONDITIONS.
