Q4 Please indicate your assessment of each hazard based on severity. Please use the following table to determine your answers. Low - Mitigation and contingency planning is advisory in nature. Examples of losses can include one or several of the following: treatable first aid injuries, complete shutdown of facilities and critical services for one week or less and/or less than 10% of property in affected area(s) is severely damaged. Moderate - Mitigation and contingency planning requires prompt action. Examples of losses can include one or several of the following: severe injury/illness, complete shutdown of facilities and critical services for > 14 days, and/or more that 25% of property in affected area(s) is severely damaged. High - High risk condition with highest priority for mitigation and contingency planning. Examples of losses can include one or several of the following: fatalities, complete shutdown of

facilities and critical services for > 30 days, and/or more than 50% of property in affected area(s) is severely damaged.

Q6 Based on the existence of a levee to protect York City and surrounding municipalities and the potential for Mass Food and Animal Feed Contamination in areas of York County, the Local Planning Team is proposing to add levee failure and Mass Food and Animal Feed Contamination to the list of hazards profiled by the York County Hazard Mitigation Plan. Do you agree or disagree with the addition of these hazards?

Answered: 70 Skipped: 0

| | AGREE | DISAGREE | TOTAL |
|--|--------------|--------------|-------|
| Levee Failure | 77.14% 54 | 22.86% 16 | 70 |
| Mass Food or Animal Feed Contamination(bacteria, viruses, parasites, toxins) | 78.57% 55 | 21.43% 15 | 70 |

Q7 Based on the lack of past occurrences, disaster declaration, identification in the State or other County Plan, and/or being covered under one or more of the other hazards, the following hazards are not proposed to be profiled in the York County Hazard Mitigation Plan. Do you agree or disagree with their exclusion from the Plan for the reasons listed.

Answered: 70 Skipped: 0

| | AGREE- DO NOT INCLUDE IN PLAN | DISAGREE- SHOULD BE INCLUDED IN PLAN | TOTAL |
|---|-------------------------------|--------------------------------------|-------|
| Expansive Soils(Expansion/Contraction of Clay Soils) (No problem known) | 98.57% 69 | 1.43% 1 | 70 |
| Disorientation(Lost people) (Limited impact) | 81.43% 57 | 18.57% 13 | 70 |
| Drowning (Limited impact) | 88.57% 62 | 11.43% 8 | 70 |
