The total population varies from decade to decade, with the average growth per decade at around 13%. The greatest increase in the population was 1920-1930 (18%) and the smallest increase was 1910-1920 (4%).

Regional Population

It is interesting to put York County's total population growth into the context of the Region. For this purpose, the region is defined as the counties that are directly contiguous with York County, both in Pennsylvania and in Maryland. Table 1 presents population data from 1990, 2000 and 2010, as well as calculates the percent change over the 20-year period.

Table 1: Regional Population, 1990-2010				
County	1990	2000	2010	% change 1990-2010
York County (PA)	339,574	381,751	434,972	28%
Adams County (PA)	78,274	91,292	101,407	30%
Cumberland County (PA)	195,257	213,674	235,406	21%
Dauphin County (PA)	237,813	251,798	268,100	13%
Lancaster County (PA)	422,822	470,658	519,445	23%
